## Experiences

---

### Graphic Designer

August 2023 - May 2024

#### Design Streak Studio / Normal, IL

- Consulted 7 diverse stakeholders to deliver multiple creative campaign projects, such as logos, posters, brochures, photo & video editing using Illustrator, Photoshop, InDesign, and After Effects.
- Worked with a team of 9 designers to brainstorm ideas in a fast-paced professional environment and executed constructive criticism.

### Front-End Developer

August 2023 - May 2024

#### Illinois State University CAS-IT / Normal, IL

- Developed user tests and use UX cases to ensure human-centric accessibility by building Hi-Fi prototypes using Figma and Adobe XD.
- Applied Strategic product thinking to improve web and mobile traffic up to 100% by building end-to-end process and technical solutions.
- Collaborated with a cross-functional team of PMs, engineers, writers, and director to debug and manage 18+ departments sites.

### Content Creator

August 2020 - Present

#### TikTok, Twitch, Twitter, Instagram, YouTube

- Crafted engaging videos and reels reaching over 400% growth, averaging 15-20% engagements rate per posts, achieving over 24,000 followers and 4.2 million overall likes.
- Researched on current trends and adapted to changes in media algorithms, resulting in reaching 200k+ users across variety of platforms on a weekly basis.
- Managed 5+ self-started social media accounts on a daily basis.

### Social Media Manager

August 2022 - July 2023

#### Illinois State University Office of Admissions / Normal, IL

- Successfully impact an Instagram following by 500% on an annual basis, by deploying effective growth strategies on marketing videos using relevant hashtag trends and cross-promotions.
- Increased audience performance by 30%, through promoting insightful content that targets specific consumers ~6000+ students per year.
- Tracked and analyzed feedback through analytics, using A/B testing, growth strategy, and KPIs targets to maximize user interaction.

### Design Teaching Assistant

August 2023 - December 2023

#### Illinois State University - Wonsook Kim CFA / Normal, IL

- Communicated with the design professor to enhance learning experiences by organizing effective learning and creative process.
- Provided assistance to 20+ design students, leading them to grasp a deeper understanding of the course's materials by problem solving.
- Boosted students' understanding by 200% on website coding language such as HTML & CSS in Visual Studio Code.
